Celebrate MEDIA GROUP

PRICE SHEET

Video prices

Prices as of November 2026

We film and edit videos, build footage libraries and livestream events for cities, school districts, chambers and businesses. These are starting prices. Your written quote lists any upgrade your project needs.

Footage library

$125

an hour

One videographer films in your community each month, and your staff gets the footage. Plans start at four hours a month, which is $500. Unused hours carry over for three months.

Finished video

From **$1,800**

half-day project, edited

We film your project and edit it. Licensed music, basic motion graphics and revisions are included. A full-day project, usually with two of us, starts at $2,600. Award-winner films start at $1,800 each, less when you need more than one.

Livestream

From **$1,200**

per event

Games, parades, banquets and graduations. The price depends on the venue, the cameras and the length of the event, so a graduation costs more.

Sample 12-month plans

PLAN	WHAT YOU GET	A MONTH	A YEAR
Library	Four hours of filming every month	**$500**	**$6,000**
Library and a quarterly video	Four hours of filming every month and four finished videos a year	**$1,366.67**	**$16,400**
Library and a monthly video	Four hours of filming and one finished video every month	**$3,100**	**$37,200**

Each plan has the same payment every month, with the last one adjusted a few cents if needed. These are examples.

Every price includes

- Our crew, cameras, lights and microphones
- A written quote before we start
- A copy of the footage, with permission to use it however you like
- Captions, if you need them
- Our W-9, a certificate of insurance and your vendor forms

Upgrades, priced in your quote

Extra filming days, a bigger crew, drone footage, a voiceover artist, specialty gear, travel and footage visits farther away.

Paying us

If your office uses purchase orders, we work that way. We bill after we deliver, or once a month for ongoing work, and payment is due in 30 days.
